Independent Assurance Report

To the Management of Serviço Federal de Processamento de Dados (SERPRO) – Certificate Authority:

Scope

We have been engaged, in a reasonable assurance engagement, to report on Serviço Federal de Processamento de Dados (SERPRO) management's [assertion](#), that for its Certification Authority (CA) services in Brazil for SERPRO-CA and the subordinated CAs presented in the [Appendix A](#), during the period May, 30 2020 through May, 29 2021, SERPRO-CA has:

- disclosed its Business, Key Life Cycle Management, Certificate Life Cycle Management, and CA Environmental Control practices in its:
 - [Certification Practice Statement](#)
- maintained effective controls to provide reasonable assurance that:
 - SERPRO-CA's Certification Practice Statement is consistent with its Certificate Policy
 - SERPRO-CA provides its services in accordance with its Certificate Policy and Certification Practice Statement
- maintained effective controls to provide reasonable assurance that:
 - The integrity of keys and certificates it manages is established and protected throughout their life cycles;
 - The integrity of subscriber keys and certificates it manages is established and protected throughout their life cycles;
 - The Subscriber information is properly authenticated (for the registration activities performed by SERPRO-CA); and
 - Subordinate CA certificate requests are accurate, authenticated, and approved
- maintained effective controls to provide reasonable assurance that:
 - Logical and physical access to CA systems and data was restricted to authorized individuals;
 - The continuity of key and certificate management operations was maintained; and
 - CA systems development, maintenance and operations were properly authorized and performed to maintain CA systems integrity.

in accordance with the WebTrust [Principles and Criteria for Certification Authorities - Version 2.2.1](#)

SERPRO-CA makes use of external registration authorities for specific subscriber registration activities as disclosed in SERPRO-CA's business practices. Our procedures did not extend to the controls exercised by these external registration authorities.

SERPRO-CA does not escrow its CA keys, does not provide subscriber key generation services, and does not provide certificate suspension services. Accordingly, our procedures did not extend to controls that would address those criteria.

Certification authority's responsibilities

SERPRO-CA's management is responsible for its assertion, including the fairness of its presentation, and the provision of its described services in accordance with WebTrust [Principles and Criteria for Certification Authorities -Version 2.2.1](#)

Our independence and quality control

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care confidentiality and professional behavior.

The firm applies International Standard on Quality Control 1, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Auditor's responsibilities

Our responsibility is to express an opinion on management's assertion based on our procedures.

We conducted our procedures in accordance with International Standard on Assurance Engagements 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information, issued by the International Auditing and Assurance Standards Board. This standard requires that we plan and perform our procedures to obtain reasonable assurance about whether, in all material respects, management's assertion is fairly stated, and, accordingly, included:

1. obtaining an understanding of SERPRO-CA's key and certificate life cycle management business practices and its controls over key and certificate integrity, over the authenticity and privacy of subscriber and relying party information, over the continuity of key and certificate life cycle management operations, and over development, maintenance, and operation of systems integrity;
 2. selectively testing transactions executed in accordance with disclosed key and certificate life cycle management business practices;
 3. testing and evaluating the operating effectiveness of the controls; and,
 4. performing such other procedures as we considered necessary in the circumstances.
- We believe that our examination provides a reasonable basis for our opinion.

SERPRO-CA's makes use of external registration authorities for specific subscriber registration activities as disclosed in SERPRO-CA's business practices. Our examination did not extend to the controls exercised by the external registration authorities.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Relative effectiveness of controls

The relative effectiveness and significance of specific controls at SERPRO-CA and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls and other factors present at individual subscriber and relying party locations. We have performed no procedures to evaluate the effectiveness of controls at individual subscriber and relying party locations.

Inherent limitations

Because of the nature and inherent limitations of controls, SERPRO-CA's ability to meet the aforementioned criteria may be affected. For example, controls may not prevent, or detect and correct, error, fraud, unauthorized access to systems and information or failure to comply

with internal and external policies or requirements. Also, the projection of any conclusions based on our findings to future periods is subject to the risk that changes may alter the validity of such conclusions.

Opinion

In our opinion, through the period May, 30 2020 through May, 29 2021, SERPRO-CA management's assertion, as referred to above, is fairly stated, in all material respects, in accordance with the WebTrust [Principles and Criteria for Certification Authorities -Version 2.2.1](#)

This report does not include any representation as to the quality of SERPRO-CA's services beyond those covered by the WebTrust [Principles and Criteria for Certification Authorities - Version 2.2.1](#) criteria nor the suitability of any of SERPRO-CA's services for any customer's intended purpose.

Use of the WebTrust seal

SERPRO-CA's use of the WebTrust for Certification Authorities Seal constitutes a symbolic representation of the contents of this report and it is not intended, nor should it be construed, to update this report or provide any additional assurance.

Serviço Federal de Processamento de Dados (SERPRO) – Certificate Authority Management’s Assertion

Serviço Federal de Processamento de Dados (SERPRO) – Certificate Authority (SERPRO-CA) operates Certification Authority (CA) services for AC SERPRO and the subordinated CAs presented in the [Appendix A](#), and provides the following CA services:

- Subscriber registration
- Certificate renewal
- Certificate issuance
- Certificate distribution
- Certificate revocation
- Certificate status information processing (using CRL repository)

The management of SERPRO-CA is responsible for establishing and maintaining effective controls over its CA operations, including its CA business practices disclosure, CA business practices management, CA environmental controls, CA key lifecycle management controls, subscriber key lifecycle management controls, certificate lifecycle management controls, and subordinate CA certificate lifecycle management controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any controls, including the possibility of human error, and the circumvention or overriding of controls. Accordingly, even effective controls can only provide reasonable assurance with respect to SERPRO-CA’s Certification Authority operations. Furthermore, because of changes in conditions, the effectiveness of controls may vary over time.

SERPRO-CA management has assessed its disclosures of its certificate practices and controls over its CA services.

Based on the assessment, SERPRO-CA’s management opinion, in providing its Certification Authority (CA) services in Brazil, through the period May, 30 2020 through May, 29 2021, SERPRO-CA has:

- disclosed its Business, Key Life Cycle Management, Certificate Life Cycle Management, and CA Environmental Control practices in its:
 - Certification Practice Statement
 - Certificate Policy
- maintained effective controls to provide reasonable assurance that:
 - SERPRO-CA’s Certification Practice Statement is consistent with its Certificate Policy
 - SERPRO-CA provides its services in accordance with its Certificate Policy and Certification Practice Statement
- maintained effective controls to provide reasonable assurance that:
 - The integrity of keys and certificates it manages is established and protected throughout their life cycles;
 - The integrity of subscriber keys and certificates it manages is established and protected throughout their life cycles;
 - The Subscriber information is properly authenticated (for the registration activities performed by SERPRO-CA); and
 - Subordinate CA certificate requests are accurate, authenticated, and approved
- maintained effective controls to provide reasonable assurance that:
 - Logical and physical access to CA systems and data was restricted to authorized individuals;
 - The continuity of key and certificate management operations was maintained; and
 - CA systems development, maintenance and operations were properly authorized and performed to maintain CA systems integrity.

Serviço Federal de Processamento de Dados

in accordance with Webtrust [Principles and Criteria for Certification Authorities -Version 2.2.1](#) including the following:

CA Business Practices Disclosure

- Certification Practice Statement
- Certificate Policy Management

CA Business Practices Management

- Certificate Policy Management
- Certification Practice Statement Management
- CP and CPS Consistency

CA Environmental Controls

- Security Management
- Asset Classification and Management
- Personnel Security
- Physical and Environmental Security
- Operations Management
- System Access Management
- Systems Development and Maintenance
- Business Continuity Management
- Monitoring and Compliance
- Audit Logging

CA Key Lifecycle Management Controls

- CA Key Generation
- CA Key Storage, Backup, and Recovery
- CA Public Key Distribution
- CA Key Usage
- CA Key Life Cycle Management Controls
- CA Key Archival and Destruction
- CA Key Compromise
- CA Cryptographic Hardware Life Cycle Management
- CA-Key Escrow

Certificate Life Cycle Management Controls

- Subscriber registration
- Certificate renewal
- Certificate issuance
- Certificate distribution
- Certificate revocation
- Certificate status information processing (using CRL repository)
